Madonna was born on Thanksgiving Day, November 26, in 1959 to Tom and Helen Stanton in Chicago, Illinois. She grew up in the middle of nine children and often said it gave her a unique perspective from the bottom looking up and at the same time, the top looking down. This may be why it was so easy for her to see other perspectives. She graduated from Oak Lawn Community High School with honors, and was also awarded "outstanding typist" in 1975 where her picture was hung, and remains, in the school's hall of fame and the outstanding student section in the yearbook.

After graduating in 1977 she took that talent on the train to downtown Chicago to work as a secretary. It didn't take Madonna long to figure out that secretarial work was not her life's calling. With not much opportunity for a young woman to make a living doing something she loved, Madonna went on to be a painter. She was in the Chicago painters union and made a decent wage in the trades. Bringing her perfectionism to this trade, it was no wonder she did well at that, too. But again, painting was not exactly her life's calling either. She then decided to seek even greater opportunities and expand her horizons and joined the United States Navy. She was trained as an avionics technician and began work at her first duty station in Millington, TN trouble-shooting flight simulators for the Navy's AV-8B fixed wing attack aircraft. She moved on a year later to perform the same tasks at the Naval Air Station in Jacksonville, FL.

After an Honorable Discharge from the Navy in 1981 she moved to Mississippi and began working for the Naval Oceanographic Office (NAVOCEANO) at Stennis Space Center as an Electronics Technician (ET). During her eight years of employment at NAVOCENO she became the first female ET to work at sea aboard NAVOCENO survey vessels traveling to foreign ports in the Mediterranean Sea, and the Indian, Pacific and Atlantic Oceans. She loved her work at sea aboard the Navy survey ships as well as the foreign travel associated with them. When she was not at sea and working onsite at Stennis she enjoyed spending time with friends, playing softball in the Stennis Softball League, and boating, fishing, and water skiing in Mississippi Sound and the Jordan River.

She met her husband, Don, while working at Stennis and resigned from NAVOCENO soon after they were married. Don and Madonna had two children, Christian who is presently a sophomore at Mississippi State University and Alyssa, a senior at Our Lady Academy. Madonna was intensely devoted to her family, her Catholic faith, and her chosen career of teaching high school Math. While raising the children as a "stay at home mom" she also attended Mississippi Gulf Coast Community College and continued her education graduating with a major in Math and a minor in Secondary Education in 1994 from the University of Southern Mississippi.

She taught for several years at Bay High before moving to her position at Hancock High in 1998. In her first year at Hancock High she received the New Teacher of the Year Award for Outstanding Service and in 2002 she received the Joseph B. Whitehead Educator

f Distinction Award for Exemplary Dedication to the Field of Education. In 2003 Madonna successfully completed the course requirements for and achieved a National Board Certification for Math from the National Board of Professional Teaching Standards. Madonna loved teaching, especially at Hancock High School, and took great pride in demanding and getting the best from her students. She was committed to giving her best to educate her students and prepare them to be successful at college or whatever their endeavors after high school might be. She worked diligently both at school and at home to be a successful teacher. She worked late hours at home many times a week constructing lesson plans, formulating test problems, and grading homework and/or tests. She was an absolutely wonderful, loyal and dedicated daughter, sister, wife, mother, godmother, friend, teacher and shipmate who touched innumerable lives in her short time on this earth. She is and will continue to be missed by all those whose lives she has touched so deeply.

Her family asks that you consider organ donation in her honor and talk to your family about your wishes.

The yearbook staff dedicates the 2007 Hawk yearbook to Mrs. Walter in memory of her commitment to the students of HHS.

Dear Class of 2007:

Helen Keller was blind, deaf, and mute. She was also a teacher. She said, "Character cannot be developed in ease and quiet. Only through experience of trial and suffering can the soul be strengthened, vision, cleared, ambition inspired, and success achieved."

You have endured a storm and trial unlike any of your peers from other parts of the state and nation. You have a unique perspective and strength of character that money cannot buy. You are a very special graduating class and will go as far as your dreams.

I have enjoyed sharing this past year with you. Hawk Pride ... Hawk Pride.

Thank You

Mrs. Myra Peterson

After 32 years of dedicated service to the students, teachers and administrators of this school district, Myra Peterson is retiring from her assignment as Hancock High School Food Service Manager. She leaves a legacy of commitment that has spanned through all her years of work. Students nourished in the cafeteria managed by Ms. Peterson have gone on to become administrators and teachers in our district. With the students of the Hawk's Nest, Myra has fed a third generation of students. We are truly grateful to Ms. Peterson for "serving up nutrition with love"

Class of 2007

Charlson Smith, President

First of all, I want to congratulate every member of the Class of 2007 for making it to the destination of this journey we like to call high school. Secondly, please do not expect any cheesy clichés or catchy phrases to commemorate our achievement. Rather, I want to tell you in all honesty and truth that it has been a great honor to serve as your class president, but also that it is quite an achievement for all of us to make it as far as we have, no matter if we hold office or not. As the Coast continues to rebuild in the wake of Hurricane Katrina, we are all reminded daily of this unfortunate event. Yet we continue on with tenacity towards our goals of excellence; a little squall can't beat us. Take a moment to think about this—even as some of us still reside in temporary emergency housing, we still achieve excellence. I encourage each of you to never forget the trials and tribulations that all of us have endured throughout our high school career and to remember that there is always a way out of any problem we may face in life; there is always a solution. By the same token, take time to reminisce on the good times en-

joyed during high school. Remember the valuable times spent with family and remember the good times with friends. Remember what you have learned within these doors, not just scholastically, but also life's many lessons. But above all, remember this. I leave you today with these words of wisdom spoken by Winston Churchill, a man who truly knows what it means to see things through until the final victory: "Never give in--never, never, never, never, in nothing great or small, large or petty, never give in except to convictions of honor and good sense. Never yield to force; never yield to the apparently overwhelming might of the enemy." Congratulations, friends. We've made it.

Hall of Fame

Charlson Smith

Charlson has served as the president of Beta Club, FBLA, and the Class of '07. He is a member of NHS and the History and Government Club. He was named Outstanding Legislator at YMCA Youth Legislature and received 1st place in science at the Beta Club convention. He has participated in the Math Science competition at Mississippi College and won 1st place in the USM/NASA Competition. Charlson is a student pilot who has won numerous academic awards at school including Technology Discovery, Biology I, and Algebra II. His favorite memories from high school are putting things where Ms. Ezezy can't reach them and The Morning Show. He is honored at being selected for the Hall of Fame and is looking forward to majoring in marketing and business at Ole Miss. Charlson would like to be remembered as "One who appreciates fine automobiles." Words of wisdom: Never settle for less than the best.

Danielle Kendrick

Danielle has been a member of the Beta Club, History and Government Club, FBLA, FEA, FCA, Key Club and Forensics Club. Her favorite high school memories are the Beta convention and activities. She plans to attend the University of South Alabama and major in biomedical sciences. She will miss her friends and the relaxed atmosphere. However, she is looking forward to meeting new people, being independent, and using skills she has learned at HHS to make her dreams come true. Danielle would like for her classmates to remember her as friendly, honest, and successful and is honored to have been selected for the Hall of Fame. The biggest lesson she has learned: be loud, outspoken, and independent.

Celeste has been a member of the National Honor Society, Beta Club, Youth Legislature, History and Government Club, and the National Spanish Honor Society. An honor roll student, Celeste won the Culinary Arts academic award. Celeste is a member of the soccer team and received the Hawks Soccer Athletes in Excellence Award. Celeste will miss her close friends and every funny moment they have had together— Hoo Rah. She will also miss home cooked meals and having her laundry done for her, but she is looking forward to being on her own, having freedom, and experiencing the college life. Celeste plans to attend the University of Southern Mississippi in the fall. Celeste is proud to be selected for the Hall of Fame because it adds to the completion of her high school accomplishments. She would like to be remembered as the sweet, friendly girl who let nothing stop her. The biggest lesson she has learned: Don't judge someone until you know them.

Celeste Plaisance

Dana has been a member of the Hawk yearbook staff, Student Council, FCA, Beta Club, SADD/Frontline, and the National Honor Society. Dana was a senior class homecoming maid as well as a member of the track team. She played basketball in 9th and 10th grade and was chosen as offensive player of the year. Dana is a Superintendent's Honor Roll student who was chosen by Who's Who among American High School Students. Dana is looking forward to meeting new people and experiencing the college lifestyle, but she will miss seeing her friends every day. She plans to attend the University of South Alabama and become a nurse anesthetist. Her favorite memories of high school are playing basketball, Homecoming Week, and physics class. She was proud, surprised, and excited at being selected for the Hall of Fame. The biggest lesson she has learned is that procrastination is not a good idea and hard work pays off. Words of Wisdom: Have fun, it goes by fast! Don't let people bring you down ... take pride in you and all that you do

Dana Haas

Lorrin Debenport

Lorrin is Student Council President, treasurer of the Beta Club, and vice-president of the National Honor Society. She was named this year's Star Student and was chosen for Who's Who Among American High School Students. Lorrin has twice won first place at the state Future Business Leaders of America competition and won first place in the USM/NASA Group Physics Competition. Lorrin will be attending the University of Mississippi Honors College and will major in physics and mathematics. Her favorite memories are of pep rallies, football games, indoor competitions, and physics class. Mr. Golding's physics class is one of the things that Lorrin will miss most. She is looking forward to meeting new people and having more free time. She would like to be remembered as someone who gave 110% in everything she did. Biggest Lesson: Even when something seems impossible, it is not, so try again until you get what you want.

Ryan Keith

Ryan has been president of the National Honor Society, vice president of the Beta Club, and a member of the History and Government Club, Mu Alpha Theta, and the Forensics Club. He has competed at the Mississippi Math and Science competition and the USM/NASA Space Grant Physics Competition. He was named Most Outstanding Supreme Court Justice at YMCA Youth Legislature. Ryan has participated in the Mississippi House of Representatives Page Program, Soccer, Swimming and Tennis teams. Ryan plans to attend Mississippi State and major in biology with an emphasis in marine biology. Ryan will miss the friends he has made, but is looking forward to new experiences of college life. Ryan feels it is an honor to be recognized as an outstanding student. His favorite memories are related to his many competitions. He would like to be remembered by his classmates as "Ya remember the dude with the face that did that one thing." Words of Wisdom: You have the ability to control your surroundings. You can choose where you go, what you do, and who you are with. Make smart decisions.

Star Student

It has been an honor to call myself Lorrin's teacher for the past few years. To be selected as her Star Teacher is icing on an already fulfilling cake. I am proud to have been in a position to allow Lorrin to discover her talent in Physics and to send her off to college as a physics major. I am so pleased that Lorrin has a desire to teach when she graduates. It gives me faith in our future when talented students, like Lorrin, return to the classroom as teachers. I have no doubt that the classroom will find her as an eager and talented teacher, just as it did as a student. Lorrin's desire to figure things out, attention to detail, thirst for knowledge, and her pleasant disposition has made her an ideal student to teach. Her curiosity in the classroom and lab has both kept me on my toes and made me a better teacher. I hope Lorrin has gained as much from knowing me as I have from knowing her.

Keene L. Golding

I have learned many academic and life lessons from many teachers, but Mr. Golding has by far, been the most influential teacher. His positive attitude and love of what he does has not only made me appreciate my education more, but it has inspired me to follow my dream of becoming a teacher. I will forever remember Mr. Golding's passion for learning and never-ending curiosity. He learns just as much from his students as they learn from him, and this is what makes him such a wonderful teacher and role model. -Lorrin Debenport

Lorrin was selected by the Mississippi Economics Council based on her ACT score and GPA.

Class of 2008

DeRae Graham, President, Keith Wall, Vice-President, Charissa Garriga, Secretary, Amanda LeMay, Treasurer, Jennifer Hightower, Prom Chair Person

Throughout high school, what is the question that each and every one of us has asked at one point in time and only contains two words? Bet you didn't guess it!! The question is, "what if?" Exploring this new world as freshmen we constantly ask ourselves, "what if I don't fit in?" Now establish in our place in high school, we as sophomores ask, "what if this year never ends?" After all the hard work and still more to come, we as juniors ask ourselves, "what if I don't pass?" Making it through it all, growing wiser, and battling through hardships and many challenges ... but that's on a different note ... we should not ask, "what if?" but "what's next?" As your class officers and friends we ask you not to dwell in the past but dream and contemplate about your future and all the wonderful things it holds in store, as we become Hancock High Schools class of 2008! Embrace every moment and cherish it forever. We are finally here and finally SENIORS!

Class of 2009

Dear class of 2009-

Here we are again looking through the yearbook at another year of high school gone by. Though our freshmen year started off rocky, this past year definitely made up for it with all of the laughter and memories. I think we've grown closer as a class, and will continue to through our junior and senior years, when we will spread our wings and fly. High school is about chasing your dreams, and discovering who you truly are, and I hope all of us accomplish that in the next 2 years. In the meantime, though, let's make the most of each day, because they will pass faster than we all realize. I have really enjoyed being your president, and I will see you next year when we are all juniors! Have a great summer!

Sincerely,

Katie Wilson-Sophomore class president 06/07

You came into our lives and fit right in. For a brief moment in time we played and laughed together. Though you were not with us very long, you quickly became one of "us", Hawk Today, Hawk Tomorrow, Hawk Forever. You will never be forgotten.

Class of 2010

Rebecca Keith, Brittney Eakins, Ty Necaie, and Gineca Garriga

Hello class of 2010, I have enjoyed being your class president. This year has been filled with excitement and opportunity. This was our year to relax, have fun, and get into the swing of being high schoolers. It was a year that gave us chances to observe all that high school has to offer. By winning homecoming week and coming school in the float contest we showed our school spirit and what we are made of. The next three years will be life-changing experiences. We, as the class of 2010, will have to step up to the plate, clench the bat tight, and swing with all our might. We will never know what the future has in store, but whatever it is we will make it through.

Good Luck class of 2010

Homecoming Week

Homecoming 2006 opened up HHS to a whole new era of Hawk Pride and school spirit. Door contest, dress up days, homecoming games, and float decorating gave each class a chance to show their hawk pride. The amount of energy the students showed for school spirit was the most Hancock High School has even seen.

HOMECOMING DRESS UP DAYS '06

September 25, 2006 kicked off the Dress Up Days and Monday was pretty MESSED UP ...

After Monday the clocks went crazy on TIME TRAVEL TUESDAY ...

During Thursday Homecoming tradition was brought back with TIRED THURSDAY ... Wednesday saw no limit to where HHS students would go on WHERE YA' GONNA' GO WEDNESDAY ...

And just what do you think Friday could bring? ...

ancock High School's Homecoming Court 2006

From homecoming court to homecoming games, Hancock High School's 2006 Homecoming Festivities were filled with unbreakable HAWK PRIDE. Every maid was the perfect choice for the 2006 court. Each girl brought her own type of HAWK PRIDE to the table. Our senior maids represented their peers with class and style. This court was pieced together perfectly filled with girls who did not only represent their school well but represented Hancock County as a strong well established community.

The 2007 graduating class choose Theresa Warihay, Starrlyn Farve, and Dana Haas as their homecoming maids along with voting Jessica Moran as Homecoming Queen. Another senior representing the school was Nicole Zulli who was voted as Football Maid for her enthusiasm and love for our HAWKS. All five girls were selected not only because of their

very apparent beauty but also for their support for our school and the people in it.

For our underclassmen six deserving young women were selected. Juniors, the class of 2008, voted DeRae Graham and Ashlen Bissell as maids. The class of 2009 (sophomores) chose Ashley Bryan and Ri-

ley Reed for court.

And our freshmen chose Rebecca Keith and Keatyn Ladner to represent the class of 2010 in the court. Once again each girl delightfully represented Hancock High School with pride and sophistication.

Each one of the eleven court members will always be remembered as great examples of Hancock High. Every girl fulfilled their duty of representing their class with pride and enthusiasm. Hopefully future courts will be just as amazing as Hancock's 2006 Homecoming Court.

“Hopefully future courts will be just as amazing as Hancock’s 2006 Homecoming Court.”

ATHLETICS

It is not the critic who counts, not the man who points out how the strong man stumbled, or where the doer of deeds could have done better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood, who strives valiantly, who errs and comes short again and again, who knows the great enthusiasms, the great devotions, and spends himself in a worthy cause, who at best knows achievement and who at worst if he fails at least falls while doing greatly so that his place shall never be with those cold and timid souls who know neither victory nor defeat. - Theodore Roosevelt

Individual commitment to a group effort- that is what makes a team work, a company work, a society work, a civilization work.- Vince Lombardi

CONGRATULATIONS TO A SUPERIOR SQUAD!

The 2006-2007 Hancock High Varsity Cheerleading Squad has shown some major Hawk Pride throughout the school year. They started with a great camp where they received a superior rating and were invited to the UCA Cheerleading Competition which took place in early December. In September, the squad was named Squad of the Month by the MHSAA. The squad placed 4th in the small varsity division of the state cheerleading competition.

Pirates of the Caribbean

The 2006-2007 Pride of Hancock Marching Band performed their halftime show to the music of Pirates of the Caribbean. The band is under the direction of Mrs. Rita Wilson, who stepped up to be the band director at the beginning of the school year. The directors also included Mr. Brian Linton and Mrs. Lydia Jelinski, both of whom are new to the staff of the Hancock High School Marching Band. Although the band had to overcome many obstacles, they still achieved good to superior ratings at various competitions. The band looks forward to many more successful years like this one, filling the large shoes of past years.

Fest

07

This year Hancock High's Drama students took "The Amazing Adventures of the Marvelous Monkey King" to both regional and state competition. At the regional play festival they received many awards. One was Technical Achievement; another is Best Scene and they also placed 2nd winning a spot at the state competition. Two of their actors were also awarded for their outstanding job. John Dean Wright was awarded an All-Star Cast medal. Raoul Boughton was awarded as Best Actor over the entire festival. Congratulations to Mr. Coker and his outstanding cast.

Mary Ann Taylor

You have made our lives better in every way, Mary. You have taught us how to love unconditionally, how to laugh, to sing, to pay attention to other people, even when other people may not want to pay attention to us. You've showed us that being "special" can be a blessing, that lacking in some things makes us better in others. We never dreamed that you would be able to do all of the things that you do. Most of all, you've showed us that some people are between us and the angels, that some are simply better than we are, that some know no malice, cannot dissemble, look always for the good in all. One of those people is you, Mary. Thank you for being who you are. Your Mom and Dad

Mary Mare!
Look at you! A SENIOR!! Mary, you are absolutely amazing! You have taught me so much about life. No matter what you are positive about EVERYTHING! There has only been a few times when I haven't seen a smile on your face! I couldn't ask for another sister! You are not only my big sister but my role model, cheerleader, and best friend. I'm SO proud of you and love you SO much!

Your Little Sister,
Miriam

Amazing

You amaze us daily with your inner beauty and amazing abilities!
Your ability to ... Forgive when most wouldn't

Love when most don't
To see the inner beauty in people when most can't
To make others laugh and smile,
even when they don't want to
To bring out the best in people,
even when they don't even know it's there
To be someone's "hero"

We love you and are very proud of you!!!

Dear Cutter,
You are a dreamer. In order for those dreams to come true you must believe you can achieve. Our wish for you is well, you know the song. HA-HA. Always stay full of life, character and compassion. Always keep the faith, hope and love given you, in a place where they can become your strengths. Thanks for the funniest moments in time.

We are very proud of you !!!

Thomas, You are my gift from God, and I have always been very proud of you. You are the "Greatest" son anyone could ever have. You have been my strength, and my helper since you were only nine years old, and had me to know that you were the man of the house when your dad died. I know that your dad would be very proud of you also. You are a very nice fine respectful hard working young man. Always keep God in your life. With the help of God, and hard work you can accomplish all of your dreams. We have not only been mother, and son, but we have been best friends. I hope that we will always be close, and you know that if you ever need anything that I will always be there. I Love You Very Much!

good luck!

Alysha

Through your high school years, you have grown intellectually, developed values, and formed friendships that will last a lifetime. Your education and values will always identify you as being an honest person with integrity, a desire to succeed, and the commitment to follow through. You have friends who are courteous, respectful, and share with you a passion for life and everything it has to offer. Your talent for gymnastics has provided you with a rewarding focus that will remain with you forever. Along with you, your friends have shared your enthusiasm, goals and expectations, shared successes and as with any endeavor shared trials.

From the time of your birth you have a joy and a pleasure to raise. You are a loving and caring person maintaining a high regard for yourself and a respect for your family, your brother, peers, teachers, and friends. Most importantly your faith in God is strong.

Your journey through high school has been an outstanding experience. This spring it will come to an end, however, your destination through life is far from over. When you graduate you will begin your own lifelong journey. We hope that you will always have the stamina, endurance, and perseverance to go after your dreams. The road will have straight and flat stretches where the going will be smooth, but there will also be curves, forks and bells. Should the road look bad or extremely challenging, remember that there is always a path that leads back home. We may not always be able to resolve all your problems, but we will always provide you with the love and support to transcend the most difficult times.

You are a beautiful, talented and kind person with so much to offer. We could never find all the words to express how much we love you, how meaningful your life is, and how thankful to God we are to have you in our lives.

We love you with all of our hearts,

Dad and Mom

We could never have imagined ourselves being the parents of a beautiful and truly wonderful daughter. From the first moment we both held you, we knew that you were a special little lady. Since that day, over eighteen years ago, you have demonstrated in every way that you are indeed very special. You have grown into a young woman that any parent would be proud and honored to call their daughter. Your values and beliefs are clear for all to see and admire. Remember to keep the faith and God will lead and guide you throughout your journey of life. Always know that we love you with all of our hearts, and we will always be here for you!

Lorrin,

Everyday you amaze me in some sort of way. Since we have known each other all I have seen you do is grow and succeed. I just want to let you know that I am so proud of you. I am not the only one either. You may not realize it but you have made a huge impact on my life. You show what it takes to be dedicated and to achieve goals. I am so glad that I have been part of your high school experience and I cannot wait to be a part of your college experience as well. You will do great in college if you continue to be yourself. You are an amazing person. You really do take my breath away. Never change and never let anyone tell you that you can't achieve any of your goals. Congratulations!

Lorrin,

Wow! You are a senior! First of all congratulations. I am so proud of you. You are pretty much the smartest, funniest, and bestest person I know. You have an awesome personality too. Don't ever change, and if you ever have any wild parties in college call me up. I love you!

Joey D.

Lo,
Girl, you are amazing. You mean the world to me and I am very happy for you. I know wherever you go in this world you will make it a better place to be. Don't you ever conform to anyone's liking because you are a great person and you will always be. You are making your brother and me a better person every time that you help us and believe me that is a lot. You truly are my hero and my best friend. I will always be here for you and I always know you are there for me. I thank you for that and I know not only will your family miss you but your family at Hancock High School will always have you on their minds.

Love ya,
Jillo

We love you, Lorrin. We hope that all of your dreams come true.

We thank GOD for a blessed day that is DECEMBER 29 1989

The moment you were born you have captured our love and hearts. You were so fragile we prayed and ask GOD to give you strength and that's why we call you our SPECIAL BABY BOY. I will never forget the days when you would hold down your brother ZACHARY and climb on your DADS back the way you laugh just filled every ones hearts.

We have a lot to thank GOD for because he has given us a great pleasure of watching you become a very tiny baby into a handsome young man. There is one day I hold dear to my heart and that's when you were graduating from Head Start and sung a very special song and here you are now making another Special Day by taking a big step graduating from 12th Grade. No you're not a little boy no more now you're a young man.

We can say the journey has been long and hard but you always seem to smile and then we remember that you hold our hearts into your hands and say I LOVE YOU AND SEAL IT WITH A KISS. YOU will have a longer road than most but I HOPE YOU WILL REMEMBER THAT WE'RE HERE WHEN YOU NEED US and we hope you never stop needing us. Now it's our time to say we're PROUD OF YOU OUR BABY BOY: HEATH EVERETT JOSEPH NECAISE

LOVE, MOM & DAD

MY BABY BROTHER:

When you were born I couldn't wait to hold you. We did a lot together with playing hide-n-seek with mom, riding horses & fishing with dad the best times were dressing up for Halloween. I'm glad I was there in school when it seemed like that's the most times when you needed me. I'M SORRY I left you behind because that was one of the HARDEST thing I had to do but I SEE THAT YOU MADE IT OUT LIKE A STICK OF DYNAMITE TO. LOVE, ZACK

Christopher David Curet

We have watched you grow from a little boy full of energy and life into a young man full of enthusiasm for life. There are no words that can express how proud we are of you or how proud we are to be your parents. We have many hopes and dreams for you as you venture out into the world. However, our biggest hope is that you will choose the path that enables you to achieve all of your hopes and dreams.

We love you very much!

Mom and Dad

Lacey Parsons

Lacey,

Words can't express how proud I was the day you were born, you were my first granddaughter. We went through some rough times together after you lost your mother, but through it all, I loved you with all my heart. Everything that you have gone through has made you a stronger and better person and I know that you will always be a granddaughter that I am proud of. I know that your mother is looking down and smiling at the person you have become and is so happy and proud, as I am, as you go on to college. Stay strong and sweet.

Love you,
Maw Maw

Lacey Quinn,

We watched you grow from a precious little girl into a beautiful and bright young lady. We are so proud of you. Seize every opportunity as if it were your last. Always treat others the way you want to be treated. Always challenge yourself and reach for your dreams and always keep the light in your eyes, the love in your smile and the lord in your heart. We love you Lacey, you make us proud to call you our daughter.

Love always,
Starr and Daddy

To the most wonderful granddaughter a pa-pa could have: you are a beautiful young lady. You make me very proud every day.

Love,
Pa-pa

Miss LQ,

You were the first child I ever loved. You, Me, and your mom, we were family. A smart person tends to learn from their past experiences, good and bad, you've seen your share of both. I'm proud of you and your morals. Hold on to them and never let anyone think for you. Follow your heart. Always take baby steps in life so that you don't get in too deep! It's nice to be important but much more important to be nice.

Love ya,
Phil

Lacey Mae,

You will never know how grateful we are for you coming into our family you are very special. Thanks *mom* and *maw maw* for a Lacey Parsons. May you be blessed in life.

Lots of love,
Sammy, Charolette and Tori

Congratulations

You finally made it! I'm very proud of you and I know your mom would be too, if only she was still here to see her little girl walk. Welcome to the real world! I LOVE YOU sooo much.

Love always,
John Thomas

Lacey Quinn Parsons,

You are the best sister in the world. To me you aren't just my sister, you're way more than that, you're a part of my life, family, heart and soul. I admire you so much. I want to be just like you. I love you so much words can't even explain it. I wish you the best luck in college.

Love your one and only lil' sis,
Sierra Blair Sizemore

Brent Jared Ladner

You've worked hard to get to your Graduation Day, and you've learned so much about yourself, the world and your place in it. Today as you look ahead to your future and wonder where life will lead you, just remember that we will always be proud of you and we love you very much.

Love Mom, Dad, Randy, Deedy, Chris, Megan, Paw Paw, and Miss Beth.
